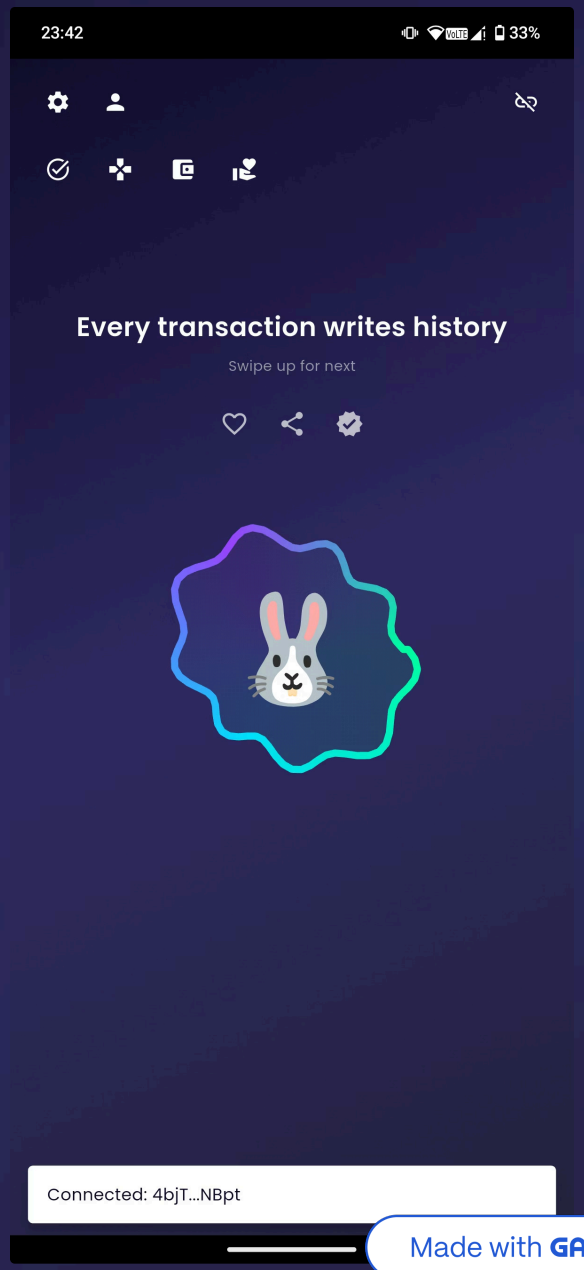
Daily Rabbit Confirmation

Daily Web3 Affirmations & Productivity for Solana Mobile

Built with Flutter, Cursor & Solana Mobile Wallet Adapter



Made with GAMMA

The Problem

Daily Uncertainty

Crypto builders face constant volatility and need consistent motivation to stay focused and resilient

Generic Tools

Existing productivity apps ignore the unique lifestyle and language of Web3 communities

No Personality

Mobile DeFi tools lack character and fail to inspire the builders who use them daily

Missing Category

No crypto-native affirmation apps exist to support the mental wellbeing of the Web3 community
